

showtime®

Needlefelt Showtime

The Showtime collection has been tailored to meet the demanding needs of the hotel and leisure sector. The specially developed needlefelt construction combines performance, comfort, ease of maintenance and improved acoustic performance, whilst the colour palette with co-ordinating print options complement todays hospitality interiors.

All 17 colours and 20 co-ordinating graphic options in 5 designs are readily available for immediate installation, and all are made with over 50% recycled content for reduced environmental impact.

Showtime graphic

5 tonal graphics, designed to complement hospitality styles, make up Showtime graphic, and each are readily available in a selection of Showtime base colours, making 20 graphic options available for immediate installation.

Showtime colour

Made using polyamide fibres, 17 options in neutrals and tonal accents make up the unique Showtime colour palette; designed to harmonise with today's hospitality interior schemes.

All Forbo Flooring Systems' sales organisations worldwide have a certified Quality Management System in accordance with ISO 9001. All Forbo Flooring Systems' manufacturing operations have a certified Environmental Management System in accordance with ISO 14001. The Life Cycle Assessment (LCA) of Forbo Flooring Systems' products is documented in individual Environmental Product Declarations (EPD's) which can be found on all of our websites.

OTHER **Needlefelt** Flooring

Reliable, recognizable and practical

The robust, hard-wearing properties of our needlefelt floors make it ideal for installations that meet high traffic or where chairs with castors are likely to be used, such as in offices, leisure or retail establishments.

The high quality of Forbo Flooring Needlefelt is based on over 40 years' experience in the manufacture and supply of this hard-wearing flooring. It is available in 3 qualities designed to meet different requirements.

Forte

Our premium needlefelt flooring range, offering the maximum feeling of comfort in our heaviest weights, comes in sheet and modular (Tile) options. The very dense texture, with more than 3 million needle punches per m2, guarantees a combination of attractive looks and hard-wearing performance for use in highly-frequented areas. Forte Sheet is available in all 25 colours, a palette of commercial neutral colours and trend led highlights. Out of these 25 colours, 12 are available as tile.

Markant

A high-quality, coarse-texture needlefelt flooring made of 100% polyamide fibres, equipped with all the characteristics required for hard-wearing performance in frequently used places. A modern print "box" design using Markant sheet as the basis, Markant Graphic City provides an easy and affordable solution to adding design interest to commercial spaces.

Akzent

The introduction needlefelt sheet quality, Akzent is available in a blend of 80% polyamide and 20% polypropylene fibres, and is designed as a practical, value solution for hard wearing commercial flooring.

OTHER Forbo Flooring **textiles**

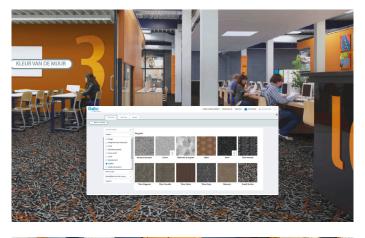

Flotex sheet, tile and planks

Flotex is a unique textile floor covering that combines the hard wearing and durable characteristics of a resilient floor with the quality, warmth and comfort of a carpet. Flotex is a strong and hygienic floor, and being completely waterproof, it is also the only truly washable textile floor. Flotex comes in sheet, tiles and planks.

Tessera carpet tiles

Today's modern office environments are designed for flexibility to accommodate frequent layout changes. A modular floor can be quickly adapted to new requirements thereby reducing the cost of reorganisation. Tessera tufted carpet tiles are renowned for their aesthetic styling and outstanding performance in the most demanding heavy traffic environments. We offer Tessera carpet tiles in different constructions; loop pile, cut pile, cut & loop pile and microtuft.

DIGITAL PRINT FLOTEX

Forbo's advanced digital printing technology enables striking floor visuals that cannot be achieved with conventional print techniques. It offers you the possibility to create your own unique Flotex floor. Have a look on www.flotexvision.com to get inspired.

ENTRANCE FLOORING

The first steps in protecting your building. By stopping up to 95% of walked in dirt and moisture, our Coral entrance floors can prolong the life of your floor as well as greatly reduce cleaning costs and the risk for slipping. Forbo Coral offers you the best entrance flooring solution for your entrance area.
