Great British carpet since 1968

Stock Collection

Curio

## About the Collection

Inspired by textiles which celebrate all that is natural and authentic, offering an intriguing mix of a contemporary Ikat-like diamond pattern and vintage look.

Manufactured in the UK at our factory on the outskirts of Manchester, Curio is stocked at a broadloom width of 4.00 metres. Working with trusted local suppliers and having total control over the manufacturing process, using the latest equipment and production techniques, we maintain the highest standards throughout.

We are also proud to say that Curio is supplied with our unique carpet backing system, Evobac. Made from post-consumer recycled PET plastics Evobac is applied to all our stock products. A fact you may not know, each square metre of Newhey carpet using Evobac diverts at least eight plastic bottles from landfill or entering our oceans.

All Newhey products can be transformed into area rugs with a selection of edge finishes to suit all tastes and budgets.

For more information please email customer services or call us on 01706 846 375.

One square metre prevents at least eight plastic bottles from going to landfill or entering our oceans.

## The benefits

Less risk of scuffing skirtings and paintwork.

Excellent underfoot comfort

Easier to cut, reducing wear on blades.

Compatible with conventional installation methods – stretch fit and double stick.

## How evobac is made

1 Plastic bottles are shredded into flakes.

2 The flakes are converted into tape and woven.

3 Next polyester fibre is needled into the woven tape.

4 The result — **evobac**.

## Our Story

For over 50 years Newhey has created beautiful wool-rich carpets for the Hospitality and Leisure sectors. The combination of quality design, innovative technology and the best manufacturing expertise results in high quality carpets for hotels, restaurants and bars.

Working hand in hand with designers and specifiers to understand their needs, we act as your design and technical partner to create carpet that is just right for your projects. We are also proud members of the Made in Britain campaign, designing, testing and manufacturing all of our products in the UK.

We employ local people at our site near Manchester benefiting our surrounding community and economy. Our high levels of service and quality would not be possible without the support of our longstanding partners. We rely on the dedication and expertise of local spinners and dyers to ensure our product is delivered on time, on budget and will perform within it's chosen environment.
