Great British carpet since 1968

Stock Collection  
**Twill**

50  
YEARS  
1968-2018

## About the Collection

Twill is a contemporary stock collection of carpets consisting of six colourways. This classic design is versatile and stylish with a general commercial specification manufactured at four metres wide, perfect for guestrooms and suites.

All our products are manufactured with evobac, a secondary backing made from recycled plastic bottles. Compliant with all standard British and European regulations for flammability and performance, evobac also offers a comprehensive range of benefits for installers including ease of handling, which is guaranteed through decreased risk of scuffing skirtings and paintwork. Other key benefits are improved anti-fraying properties, reduced wear on blades when cutting and compatibility with all traditional installation methods.

## Our Story

Newhey Carpets is a leading British manufacturer of contract carpets for the hotel, leisure and entertainment sectors. Applying 50 years of manufacturing and technical excellence, the company constantly embraces the very latest production techniques in order to deliver reliable, high performance products to its global customer base.

Driven by innovation, Newhey uses a mix of yarns and colours to develop unique solutions for commercial interior designers, all backed up by market leading after sales advice and support. The company is also at the forefront of the carpet sector in terms of reducing its carbon footprint through the development of low embodied energy. Newhey's advanced backing system utilises a unique solvent free application process to apply the revolutionary evobac, which is produced from 100% recycled plastic bottles.
